CERTIFICATE OF GLOBAL RECOGNITION

PRESENTED TO

DWI IQBAL NOVIAWAN, S.SOS, M.KESOS

SENIOR SOCIAL DEVELOPMENT & ZAKAT MANAGEMENT PROFESSIONAL
YBM BRILIAN

ACKNOWLEDGED AS

ESG IMPACT MANAGER

BASIS FOR LEADERSHIP RECOGNITION

Before: For many vulnerable and mustahik communities, poverty was not merely a lack of income. It was reflected in fragile livelihoods, limited productive assets and access to capital, uncertain employment, vulnerable informal businesses, and limited resilience against economic shocks.

Transformations: Through Dwi Iqbal Noviawan's leadership in social development and zakat management, social assistance has evolved toward structured and sustainable empowerment. Programs such as the Mustahik Income Generating Program (MIGP) integrate productive assets, business capital, capacity building, mentoring, financing access, stakeholder networks, and market access to strengthen beneficiary resilience and economic independence.

Significance: Leadership becomes meaningful when social assistance is transformed into sustainable capacity. Dwi Iqbal Noviawan's professional journey demonstrates how zakat and social development can move beyond relief to become instruments of empowerment, resilience, stakeholder trust, and economic protection.

RECOGNITION LEVEL

PLATINUM LEADER PERFORMANCE 94.35

THIS CERTIFICATE, ACCOMPANIED BY TWO APPENDICES, IS HEREBY ISSUED IN JAKARTA ON OCTOBER 21, 2026

ASSESSMENT OF OPERATIONAL ESG IMPACT LEADER IN INDONESIA 2026

THE ASSESSED INDIVIDUAL

DWI IQBAL NOVIAWAN, S.SOS, M.KESOS
SENIOR SOCIAL DEVELOPMENT & ZAKAT MANAGEMENT PROFESSIONAL
YBM BRILIAN

FOLLOWING AN ASSESSMENT CONDUCTED USING THE LA TOFI ESG RATING ASSESSMENT FRAMEWORK, THIS PROGRAM HAS BEEN AWARDED

PLATINUM GLOBAL PERFORMANCE

ASSESSMENT PILLAR	SCORE	WEIGHT	WEIGHTED SCORE
LRMI (Local Risk Mapping Index)	100.0	**15%**	**15.00**
RSAI (Risk–Strategy Alignment Index)	100.0	**15%**	**15.00**
AMS (Action Mitigation Score)	93.0	**15%**	**13.95**
FVS (Field Verification Score)	93.0	**15%**	**13.95**
HWR (Humanitarian Workforce Readiness)	91.0	**15%**	**13.65**
HCR (Humanitarian Crisis Response)	90.0	**10%**	**9.00**
EPC (Economic Protection Contribution)	92.0	**15%**	**13.80**
TOTAL		**100%**	**94.35**

- **LRMI (100)** → The maximum LRMI score reflects Dwi Iqbal Noviawan's strong understanding of social and economic risks affecting vulnerable communities. His background in anthropology, social welfare, social mapping, community empowerment, and post-disaster work provides a strong foundation for identifying risks related to poverty, livelihood vulnerability, employment uncertainty, limited productive assets, and stakeholder trust.
- **RSAI (100)** → The maximum RSAI score demonstrates a very strong alignment between identified social risks and empowerment strategies. Within YBM BRILiaN's program ecosystem, these risks are translated into productive assets, working capital, mentoring, capacity building, financing facilitation, stakeholder networking, market access, and business ecosystem development. This reflects a strategic transition from short-term assistance toward sustainable economic empowerment.
- **AMS (93)** → The AMS score reflects a very high level of program implementation and mitigation capability. MIGP has developed through growth, strengthening, independence, and scale-up stages, supported by capacity development, financing, productive assets, and market expansion. The score is not placed at the maximum level because the outcomes represent collective institutional achievements involving program teams, partners, and stakeholders and therefore cannot be attributed exclusively to Dwi Iqbal as an individual leader.
- **FVS (93)** → The FVS score indicates a very strong level of evidence supporting the social-development ecosystem under his leadership. Verification includes quantitative beneficiary data, CIBEST assessment, Most Significant Change (MSC), SLIA, beneficiary satisfaction measurement, and evidence of improvements across livelihood capitals. Further improvement would require evidence that more specifically isolates Dwi Iqbal's individual managerial contribution to particular long-term outcomes.

- **HWR (91)** → The HWR score reflects strong attention to human welfare, vulnerable communities, and sustainable empowerment. Dwi Iqbal's professional career has consistently involved zakat management, community empowerment, microfinance, social research, and work with vulnerable and post-disaster communities. Within MIGP, this orientation is reflected in outreach to 19,239 beneficiaries organized into 1,819 groups across 15 provinces, accompanied by measurable income improvement and strengthened livelihood assets.
- **HCR (90)** → The HCR score reflects a strong capacity for communication, stakeholder coordination, and influence. Dwi Iqbal has held long-term leadership responsibilities at YBM BRILiaN and within the broader zakat ecosystem, including serving as Executive Director of YBM BRILiaN and as Vice Chairman of Forum Zakat for the 2024–2027 period. These roles reasonably require sustained communication, collaboration, and stakeholder engagement. The score is not placed higher because available evidence does not yet demonstrate substantial direct leadership in communication during a major crisis situation.
- **EPC (92)** → The EPC score demonstrates a strong contribution to economic protection through productive social investment. MIGP has been assessed with a Corporate Economic Protection Index (CEPI) of 3.91, with an Economic Protection Value of approximately IDR 57.16 billion from program investment of IDR 14.63 billion. This indicates that every IDR 1 invested is associated with approximately IDR 3.91 of protected economic value within the program's relevant scope of influence.

With a final score of 94.35, Dwi Iqbal Noviawan demonstrates a very high level of alignment across risk identification, strategy formulation, mitigation implementation, impact verification, human welfare, stakeholder communication, and economic protection contribution. One of the strongest characteristics of his leadership profile is the ability to connect social development with sustainable economic empowerment. His professional journey—from community empowerment and social research to long-term leadership in zakat management—provides a strong foundation for understanding poverty and vulnerability not merely as conditions requiring assistance, but as interconnected risks requiring structured and sustainable intervention. His CV records his leadership at YBM BRILiaN since 2012 alongside extensive experience in empowerment, social research, post-disaster rehabilitation, and the broader zakat ecosystem. This leadership orientation is reflected in programs such as MIGP, where zakat is transformed into productive capacity through assets, capital, mentoring, financing, capacity building, stakeholder networks, and market access. The program demonstrates measurable improvements in income and livelihood resilience while generating quantifiable economic protection. Based on the assessment conducted using the La Tofi ESG Leadership Assessment Framework, Dwi Iqbal Noviawan is classified within the PLATINUM LEADER PERFORMANCE category. This recognition represents program leadership with a very strong capacity to translate social risks into strategy, empowerment into measurable impact, stakeholder collaboration into institutional value, and social investment into sustainable economic protection.

Based on the assessment conducted using the La Tofi ESG Leadership Assessment Framework, DWI IQBAL NOVIAWAN, S.Sos, M.Kesos is classified within PLATINUM LEADER PERFORMANCE. This recognition represents executive leadership with an exceptional capacity to connect risk-based ESG principles with strategy, operational action, stakeholder resilience, measurable impact, and long-term economic value protection.
