CERTIFICATE OF GLOBAL RECOGNITION

PRESENTED TO

TAUFIQ DWI NUR CAHYO

SENIOR MANAGER KEUANGAN, KOMUNIKASI DAN UMUM
PT PLN (PERSERO) UNIT INDUK WILAYAH NUSA TENGGARA TIMUR

ACKNOWLEDGED AS

OPERATIONAL ESG IMPACT LEADER

BASIS FOR LEADERSHIP RECOGNITION

Before: In East Nusa Tenggara, limited access to irrigation, climate uncertainty, and economic vulnerability constrained agricultural productivity and community resilience. These interconnected challenges called for leadership capable of transforming corporate resources into sustainable opportunities.

Transformations: Through his managerial contribution to HORTI the BEST, Taufiq Dwi Nur Cahyo supported the integration of productive electrification, climate-adaptive horticulture, farmer empowerment, and stakeholder collaboration. His broader experience in MSME development further strengthened the connection between corporate responsibility and inclusive economic opportunities.

Significance: Meaningful ESG leadership transforms access to energy into economic opportunity and community resilience. Taufiq's contribution illustrates how strategic program management can connect corporate sustainability with the protection of livelihoods, creating a stronger foundation for people, business, and the planet.

PLATINUM GLOBAL PERFORMANCE

ASSESSMENT PILLAR	SCORE	WEIGHT	WEIGHTED SCORE
LRMI (Local Risk Mapping Index)	100.0	**15%**	**15.00**
RSAI (Risk–Strategy Alignment Index)	100.0	**15%**	**15.00**
AMS (Action Mitigation Score)	94.0	**15%**	**14.10**
FVS (Field Verification Score)	94.0	**15%**	**14.10**
HWR (Humanitarian Workforce Readiness)	91.0	**15%**	**13.65**
HCR (Humanitarian Crisis Response)	93.0	**10%**	**9.30**
EPC (Economic Protection Contribution)	93.0	**15%**	**13.95**
TOTAL		**100%**	**95.10**

- **LRMI (100)** → The maximum LRMI score reflects Taufiq Dwi Nur Cahyo's strong awareness of material environmental, social, and economic risks. Through his managerial involvement in HORTI the BEST, he demonstrates an understanding of the interconnected challenges of water scarcity, climate vulnerability, agricultural productivity, and farmers' economic insecurity. His professional experience in CSR and MSME empowerment further supports a risk-oriented approach to sustainable community development.
- **RSAI (100)** → The maximum RSAI score reflects exceptional alignment between identified ESG risks and strategic program interventions. HORTI the BEST integrates productive electrification, irrigation infrastructure, climate-adaptive horticulture, farmer capacity development, and stakeholder collaboration. Taufiq's managerial involvement supports the alignment of corporate social responsibility with PLN's core electricity business and the long-term resilience of local communities.
- **AMS (94)** → The AMS score indicates a very high level of mitigation-oriented program management. HORTI the BEST combines electricity-powered irrigation, agricultural infrastructure, technical assistance, and farmer empowerment to address environmental and economic vulnerabilities. Taufiq's responsibilities in financial governance, corporate communication, and TJSL coordination support program implementation. The score remains below the maximum because long-term agricultural and economic outcomes require further verification, and program achievements represent collective organizational efforts.
- **FVS (94)** → The FVS score reflects strong supporting documentation for the programs associated with Taufiq's managerial responsibilities. Evidence includes his professional record, documented MSME empowerment initiatives, HORTI the BEST implementation activities, institutional partnerships, and external publications. Further verification is required to distinguish his individual managerial contribution from collective program outcomes and to establish measurable long-term economic benefits.

- **HWR (91)** → The HWR score reflects Taufiq's sustained commitment to human welfare, inclusive economic participation, and community empowerment. His professional record includes involvement in national MSME development initiatives, the establishment of MSME empowerment mechanisms, and programs reaching entrepreneurs, including persons with disabilities. His contribution to HORTI the BEST further demonstrates attention to strengthening farmers' productive capacity and economic opportunities. The score recognizes consistent managerial involvement without attributing all collective organizational achievements exclusively to him.
- **HCR (93)** → The HCR score reflects strong communication leadership, stakeholder coordination, and institutional influence. As Senior Manager responsible for finance, communication, and general affairs, Taufiq performs a role requiring cross-functional collaboration, public communication, and engagement with community partners. His involvement in MSME empowerment and HORTI the BEST demonstrates the importance of communication in mobilizing resources and supporting program implementation. The score is not placed at the maximum because available evidence has not established substantial direct leadership in managing communication during a major crisis.
- **EPC (93)** → The EPC score reflects Taufiq's managerial contribution to initiatives designed to reduce economic vulnerability and strengthen community resilience. HORTI the BEST has been assessed with a Corporate Economic Protection Index (CEPI) of 2.75, indicating an estimated IDR 2.75 in protected economic value for every IDR 1 invested, based on the program's risk exposure model. His experience in financial management, MSME development, and TJSL coordination strengthens the relevance of his contribution to economic protection. However, the modeled economic value remains a collective program outcome and cannot be attributed entirely to an individual manager.

With a final score of 95.10, Taufiq Dwi Nur Cahyo demonstrates exceptional ESG leadership in risk management, strategic alignment, stakeholder engagement, and economic protection. His professional experience in financial governance, corporate social responsibility, and MSME empowerment reflects an ability to connect corporate resources with inclusive economic development. Through HORTI the BEST, his managerial involvement supports the integration of productive electrification, climate-adaptive agriculture, and farmer empowerment, strengthening the foundation for community resilience and sustainable livelihoods. Under the La Tofi ESG Leadership Assessment Framework, Taufiq Dwi Nur Cahyo achieves PLATINUM LEADER PERFORMANCE (95.10), recognizing his contribution to transforming ESG initiatives into strategic opportunities for sustainable development and long-term economic protection.
